

GUIDE · CLOSING DISCLOSURE

Your Closing Disclosure.

Three days. Every line.

Swipe

THE SHIELD

02

Three business days *before you can close.*

Your lender can't complete the loan until you've had three full business days with your final Closing Disclosure. That window exists so a surprise rate or fee can't be slipped in at the table.

THE RESET

03

When the clock *starts over.*

- The APR changes by more than 0.125%
- The loan product changes
- A prepayment penalty is added

GOOD TO KNOW

Any of these means a new Closing Disclosure and three fresh business days.

COMPARE TO YOUR LOAN ESTIMATE

04

Which fees *were allowed to move?*

0%

CAN'T CHANGE

Lender and broker fees, affiliate fees, services you weren't allowed to shop for, and transfer taxes.

10%

CAPPED IN TOTAL

Recording fees and third-party services you picked from the lender's own list.

No cap

CAN MOVE

Providers you found yourself, homeowners insurance, prepaid interest, and escrow.

05

Check the names *before anything else.*

Names must match your government ID exactly. A missing middle initial can delay recording your deed and mortgage.

> Also confirm the sale price, loan amount, rate and monthly payment against what you agreed to.

TITLE & SETTLEMENT

06

Your title fees *are usually in Section C.*

Those are services you can shop for. Estimate them for your state, compare quotes from title companies you choose, and check every line before you sign.

> Kwalifai is vendor agnostic. We don't sell title insurance or recommend title companies.

Read every line *before you sign.*
